THE CHARLEROI MAIL

VOLUME XXII—NO 15 CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, WEDNESDAY, JUNE 22, 1921 TWO CENTS

WILL PLANT SHADE TREES ALONG HIGHWAYS OF STATE

Tentative Plan Has Been Worked Out by Forestry Department

STATE OFFICIALS IN CHARGE

During the last few weeks the State Highway Department has planted a large number of American elms and sugar maples along State Highway route No. 123, between Gettysburg and Harrisburg. The planting was under direction of attaches of the State Forestry Department.

"It is our aim, eventually," said Highway Commissioner Sadler on Tuesday, "to beautify the main highway routes in Pennsylvania through the intelligent planting of shade trees."

A tentative plan has been worked out with the Forestry Department whereby a comprehensive system of planting trees along State Highway Routes will be taken up. The Highway Commissioner will designate the highway to be planted and the particular section involved.

The Commissioner of Forestry will make a survey of the planting site, recommending the species to be planted; and giving in detail the planting operation, such as distance, care of stock, size and depth of holes, setting of the trees, fertilizers, staking of the trees, planting crew, necessary tools, approximate time required and other details.

The State Foresters will direct operation and inspect the trees from time to time, giving instructions concerning the subsequent care and treatment.

In order to make a real success of this work it will be necessary to obtain the complete cooperation of the adjacent land owners, obtaining their trees along the highways right-of-way which are four inches or over in diameter two feet above the ground. The cooperation of companies operating overhead service lines will also be necessary. The trees will be furnished by the Forestry Department as fast as they become available from the State Nursery.

MEMORIAL SERVICE FOR LATE DR. CURRIE

Memorial services for the late Rev. H. C. Currie, of California, were held in the First Presbyterian church of that place Sunday afternoon last. The house was filled with friends. The Masonic order of which the deceased was a member, attended in a body. Dr. Dunkelberger of the Normal made the address for the occasion.

John Halstead, while at play on the old bathing beach, above Second street, last evening, had the misfortune to break one of the bones in his left arm. He was taken to Dr. Davis, where an X-ray examination was made of the break and the fracture reduced.

REBUILT STEAMER IS ALMOST READY

The Transporter, a reconstructed steamer of the old type, owned by the Water Transport Company, is now at the Pittsburgh wharf receiving the finishing touches preparatory to entering active service. The steamer will be used in transporting freight between Pittsburgh and lower river points. The Transporter was formerly the Valiant, owned by the Pittsburgh Coal company, but since being rebuilt has been equipped with modern machinery and is expected to rate high as a towing steamer.

PLAN TO ENFORCE NEW STATE DOG LAW

With the enforcement of the Dog Law of 1917 vigorously prosecuted in half a dozen sections of the state the Pennsylvania Department of Agriculture is taking preliminary steps towards carrying into effect the act of 1921 which places entire supervision of the dog license law in the hands of the department.

Under the provisions of the act, the Department of Agriculture will furnish all supplies to the various county treasurers and bids will be shortly asked for the furnishings of blanks and other supplies.

The tags will be the same design for the entire state, but each county will carry its own serial number and will also have struck on it the name of the county.

Duplicate blanks will also be issued to each county treasuer. the person securing the dog license receiving a copy while a copy will remain on file in the office of the county treasurer.

The new law becomes effective on the first of the new year, but as yet the details for the enforcement of the law have not yet been worked out. Reports from the various counties received so far this year indicate that dog owners are securing license tags in even greater numbers than a year ago, when a record was established indicating that with each year dog owners are co-operating more readily.

FREE FIGHT AND CRAP GAMES AT SUNDAY OUTING

Monongahela appears to be a lively center on Sundays. Last Sunday, during a ball game at the park, a spectator objected to a decision given by the umpire, when that official stepped aside long enough to poke the objector on the nose. This started a free-for-all fight, which was finally stopped by the police. Later the state police who were in the crowd in plain clothes raided a "crap" game in progress on the side lines and arrested seven young men, all from Donora, who were taken before Justice of the Peace Miller in Carroll township, who imposed fines on the affenders.

WILL SOON FILE BOND FOR DAMAGES

Officials of the Charleroi Chamber of Commerce are arranging to file the indemnifying bond asked for by the county commissioners, and which must be a matter of record before any work is done on the Speers-Coal Center road. This bond will be in addition to the bond already filed by Dunlevy and Allen township, and is in effect a primise that these communities will take care of damages that might arise within their respective communities in construction of new highway. The bond is a personal one. and Walter Byerly, President of the Chamber of Commerce, expects to have it largely signed by local citizens before sending it to Washington. As soon as it is on file there will be no further excuse for the commissioners or the State Highway Department to delay work on this very important highway.

VICIOUS ASSAULT ON COLORED WOMAN

Mrs. Smith, colored, aged 54 years, who lives in a small house on the Monessen-Webster road, near the Henderson mine, was assaulted by some unknown intruder last night, and badly injured. The man, apparently a young white man, found his way into the house and demanded the woman's money, and upon meeting a refusal viciously assaulted her, knocking her down, and breaking a couple of her ribs, one of which punctured her lung. She was also otherwise injured and bruised about the head and body. Mrs. Smith managed to leave her home and crawl out on to the highway, where she was discovered at an early hour this morning by a couple of hucksters on their way to Monessen from Donora. Medical assistance was summoned and the woman taken to the Memorial hospital at Monongahela.

Mrs. Smith's husband was killed in 1915 by another colored man named Douglas, who was later captured, Mrs. Smith having hit him with an axe, which was the means of his identification. Mrs. Smith is reported in a serious condition.

For
Charleroi, North Charleroi, Fallowfield township, Speers, Dunlevy and Twilight, now due and payable at the Bank of Charleroi, Charleroi, Pa. Five per cent discount if paid on or before August 1, 1921.
2twk*

The Donora Herald notes the fact that while only two hundred people attended a Chautauqua lecture by Dr. Lincoln McConnell on Saturday night last, whose theme was "Stay Awake, America," over one thousand residents of the borough preferred the allurements of a nearby carnival, where the "Hootchie-Kootchie" was danced with all its frills.

Big Dance
Eighth and Lookout, Charleroi, Thursday evening, June 23rd by the Sterling Trio. 14-t2p-*

COPY OF THE MAIL IN BASE OF COLUMN

A copy of The Charleroi Mail, dated Monday, June 20, 1921, was placed in a niche in one of the columns now being erected for the new building of the First National Bank. When the masons were about ready to set the base of this column, (the one nearest the alley) they discovered that a place had been prepared to place a box containing articles of interest of the present day. As the discovery of the opening was unexpected there was but little time to collect any extended list of articles, but R. L. Barnhart, who is supervising the work for the Bank, secured a few coins and a copy of The Mail dated Monday and placed them therein. There they will remain until some future date, when even the splendid new building which the First National will soon have, will give way to one of even grander and more imposing proportions.

ROAD AND BRIDGE BIDS WERE OPENED

Bids for the construction of two new county roads, the resurfacing of four others and the construction of a new concrete bridge were opened by the county commissioners and controller at Washington on Tuesday. There was a total of 25 bidders on the seven jobs, but no contracts were let, as it will be necessary for the road engineer to make a tabulation of the bids, which will require several days.

The two new roads to be constructed are the McMurray road, one mile in length, in Peters township, and the Midway road in Midway borough, 3,300 feet long.

The four roads to be re-suraced are as follows: Beallsville-Bentleyville road, two miles; Claysville-Burnsville road, 2,100 feet; Pike Run road, 1,000 feet, and the Water Works Dam road, North Franklin township, 3,700 feet long. The bridge is to be a concrete arch, to replace the old covered bridge known as the Walker bridge, over Pike Run.

COMPLIMENTS COURSE OF THE VALLEY CLUB

Among the visitors at the Monongahela Valley Country Club last Saturday afternoon, was Ed. Garbisch Captain of last year's W. & J. varsity football team. Mr. Garbisch, in a neat speech at the dinner complimented the members on their fine course, saying that it was as "sporty" as any on which he had had the pleasure of playing in recent months. Mr. Garbisch is a West Point appointee, and will leave in the fall to enter the military academy on the Hudson.

Mr. and Mrs. R. O. Vetter and Mr. and Mrs. George W. Moody returned home last evening, from a two-day automobile trip, in which they made the run to Celeveland and back. They report the roads in fine condition, and say they saw considerable building construction in the towns through which they passed.

Mr. and Mrs. Harry F. Carson and daughter Elizabeth Viola spent Sunday with Mr. and Mrs. Bert McNutt, of Speers.

FINE PROGRAM IS ARRANGED FOR JAPANESE GARDEN PARTY

Music and Drills will Feature This Out-Door Effort of Women's Council

PROCEEDS FOR CIVIC PURPOSES

The Women's Council have completed a very fine program for the Japanese Garden Party which will be held on Thursday evening of this week on the McKean lawn, corner of Fifth and Lincoln. Tables will be put in place and booths erected today. Ice cream, lemonade, and cake will be served. The program, which has been carefully planned, will be worth much more than the general admission of 25 cents. A ten piece orchestra will furnish a part of the music and some of the best local talent will appear on the program. Miss Ethel Barth and Mrs. A. G. Lewis will sing, and the Bosson Brothers Quartet will furnish an attractive part of the program. Walter Stroud will sing a tenor solo.

The Junior Sword Drill, under the supervision of Miss Helen Fleming will be given by the following children: Creston Robertson, Howard Bigler, Charles Jones, Alexander Beaumarriage, Cecil Christie, Morrison Bradle, Lutellan Robertson, and Norry Miller. The Sunbonnet Drill, under the supervision of Mrs. Geo r ge Leith, will be given by the following girls: Evelyn Gray Alice McKean, Louise McKay, Virginia eKllog, Nora Mainella, Katherine Metz, Anna Louise Miksch, Euphenia Gray, Myrl Milchus, Eva Baynes. Helen Bradley, Marie Horner and Helen Sharpnack.

It is evident from the preceding progam that detailed plans are being made for a most enjoyable entertainment on Thursday evening. The proceeds of the Japanese Garden Party will be given for civic purposes in Charleroi, and the money spent will all come back to Charleroi in the form of some civic enterprise. The Women's Council confidently expect a large attendance. Every community minded person will want to help in this public spirited movement.

FINE CHAUTAUQUA PROGRAM AT DONORA

Donora is having a splendid Chautauqua program this week, but unfortunately the guarantors are facing a deficit in the finances. Industrial conditions in the big steel town are making it somewhat harder to sell tickets this year than for some years past, and unless there is a sudden spurt in interest the deficit will be somewhat large. Another feature which detracted from the undertaking was a carnival, which was in Donora the week before the Chautauqua appeared.

HOME FROM MEETING OF C. OF C. SEC'TYS

The Manager of the Chamber of Commerce, J. S. Heffner, has just returned from the meeting of the Pennsylvania Commercial Secretaries Association in Philadelphia, where some of the most pressing problems confronting the secretaries of this State were discussed. One of the most important addresses was that given by Mr Parlin, noted economist and head of the advertising Department of the Curtis Publishing Co. of Philadelphia. His talk had to do with the place of the retail merchant in the present industrial crisis.

Mr. Uhlin, ex-president of Carlisle, gave an address on the relation of the Manager of a Chamber to its Board of Directors. This was a most valuable contribution to secretarial literature.

The Rev. Mr. Mudge, pastor of the Pine Street Presbyterian church, Harrisburg, and a member of the Board of Directors of the Harrisburg Chamber of Commerce, gave a most valuable address on the science and art of being tactful in the handling of men and women and especially in its relation to civic-commercial organizations.

This program was well attended by Commercial secretaries from all over Pennsylvania and New Jersey.

Mr. Heffner of the local Chamber, will speak at the noon luncheon of the new Braddock Chamber of Commerce on Wednesday of this week.

Mr. Alspach, who was one of the organizers of the local Chamber, was also instrumental in organizing the Braddock Chamber of Commerce.

RUN DOWN AND KILLED ON BRANCH

An Italian, who Tuesday night had not been identified, was instantly killed at eBntleyville late Tuesday afternoon, when struck by a passenger train on the Monongahela & Washington railroad. His body was terribly mangled, being picked up in pieces. The man had been shopping and was enroute to his home in one of the mining towns when struck by the train at the crossing near the Roman Catholic church.

HAULING RED DOG FOR TOWNSHIP ROADS

The big slate pile at old Baird station near the abandoned Schoenberger mine, is again being called upon for a supply of red dog with which to cover some of the near-by townshiproads. A steam shovel was at work this morning, with a large number of trucks ready to load up with the burned slate. Thousands of tons have already been taken from this huge culm pile, but there yet remains the greater part of the refuse pile which was placed there while the Schoenberger mine was in operation.

THE PLAYGROUNDS.

We print in our "Public Forum" today a communication from one of our citizens, in which he flies objections to the location of a children's playgrounds on the hill, at the Fifth street school building. He sets forth as part of his objection that he with others purchased property and built their homes in that section in the hope of having a period of quietness prevail during the summer months.

Our correspondent is, of course, entitled to his opinion, and to be heard on this question of playgrounds for children, which is one of great importance to the people of the community, but we fear he has not a true vision of what the promoters are trying to do, nor a correct conception of what will be accomplished once these playgrounds are put in operation for the benefit of the children of Charleroi. We all know that children are prone to make considerable noise, and when an assembly of them are congregated in one spot there is apt to be some commotion.

A writer has said that a kid "is a combination of pep, curiosity, deviltment, goodness, fun, trouble and noise. Some days he brings his father's gray hairs in sorrow to the grave, and on other days he brings back Dad's lost youth. The kid is hard to get along with sometimes but still we can't get along without him."

The purpose of a playground, if we understand the matter thoroughly, is to bring all these elements in the life of the children under control—not to allow an assembly of children with no other motive than to make a noise and possibly cause damage to equipment, but under direction of competent instructors and leaders to so arrange the recreations and activities of the playgrounds that even our correspondent will be willing to admit that the effort is worth all the trouble and expense to which the promoters have gone in order to establish it, and that its benefits will be lasting and far-reaching.

It is not the purpose of the committee to promote a nuisance, but rather to foster an institution which will be of lasting benefit to the growing children of the community, and to provide a place where their outdoor activities can be so regulated and controlled that it will be a joy and pleasure, not alone to those for whom it was intended, but for the parents as well.

As it is at the present time the boys and girls of Charleroi are compelled to confine their playing activities to the streets or alleys, where, out of sight of parent or restraining hand, they are apt to commit some act which may provoke retaliation. It is to obviate such a condition that the playgrounds committee of the Chamber of Commerce has been so active and so successful in making enterprise. Let our correspondent rest in peace for a short time, and after the playgrounds are opened and used for their proper purpose we are of the opinion that he will change his mind.

LUCKY STRIKE

Cigarette

No cigarette has the same delicious flavor as Lucky Strike. Because Lucky Strike is the toasted cigarette.

The American Tobacco Co.

THE HOME BREWER.

Some decline in the demand for raisins is reported, believed to result from a falling off in the demand for home brewing purposes. It would be remarkable if the enthusiasm of the home brewer could be maintained at its original high point of fervency.

When prohibition first went into effect, the home brewer had a lovely time. He enjoyed the feeling that he could get by prohibition and still have his customary stimulus. As he operated his mixtures in the safe retreat of his kitchen, he breathed defiance of anti-saloon leagues, prohibitionists, and other works of the devil. By and by the novelty wore off. When the mixtures came out they did not have the smooth tang of the real thing.

The American people are tremendous consumers of ice cream. But if they had to get the same by turning an ice cream freezer themselves the consumption thereof would not be six per cent of what it is now. It seems doubtful if any considerable portion of the people who once lined up against the brass rail, will long bother to "make their own."

DROWNED IN RIVER NEAR BAIRD STATION

Walter J. Jaloszynski, aged 14 son of Mr. and Mrs. Frank Jaloszynski, caretakers of the Rabe farm near Palmer Park, near Donora, was drowned in the Monongahela river near Baird Station Tuesday evening. In company with a number of other boys the young man had gone in swimming. He got beyond his depth, and while it was said he could swim, he was evidently taken with cramps. Before aid could reach him he sank and was drowned. The body was recovered twenty minutes later by James Richardson of Sunny Side.

A marriage license was issued in Cumberland, Md., on Tuesday to Albert Todd of Monessen and Bessie M. Younkin of Charleroi.

Marriage license was issued at Washington on Tuesday to Francis J. Bezy of Charleroi and Cecelia M. Kilcullen of Donora.

Miss Margaret Flohr, her mother and sister, were week-end guests with friends and relatives in Charleroi.

THE U. S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

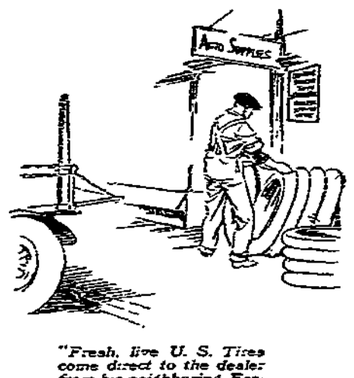
Which one of your neighbors gets the *best mileage out of his tires?*

EVERY once in a while you hear a motorist say as he kicks a rear tire with an admiring foot, "*there's* a lucky tire!" Give him a chance and he'll tell you all about it. And then you'll find that what he calls "luck" is simply his first experience with a *quality standard tire.*

* * *

It all comes to *this*—buy a U. S. Tire anywhere in this country and you get definite, predictable value for your money no matter *what* weight car you drive.

The man who has been guessing his way through "overstocks," "discontinued lines," "job lots" and the like, will find it refreshing to talk with the local U. S. Tire dealer who is *concentrating* on a full, completely sized line of U. S. Tires.



"Fresh, live U. S. Tires come direct to the dealer from his neighboring Factory Branch."

For the first time he will hear some straight *quality tire facts*—and get the difference between chance and certainty in tire buying.

The U. S. Tires he sees in stock are *fresh, live tires.* They come direct to the dealer from his neighboring Factory Branch.

There are 92 of these Branches established and maintained by the U. S. Tire makers.

Giving your dealer a continuous moving stock of new, fresh tires built on the certainty of *quality first* every time

"His first experience with U. S. quality standard Tires."

OBJECTS TO PLAYGROUNDS.

Charleroi, Pa., June 20, 1921

Editor Forum:—It was with feelings of regret that the residents of the Hill district learned that our Chamber of Commerce had wished a playground on us, having had playgrounds in the past, and profiting by past experience we hoped we were through with them. We have bought and moved up here because we liked quiet.

For nine months we have the school children with us and we love them, every one, but we relish three months of quiet and look forward to it with pleasure, but something seems to take the joy out of life.

However there will be a local election this fall and perhaps we can register our displeasure then.

Very Truly.
One of Them.

WELSH HOME FOR THE AGED.

To the Editor:

The writer, being a comparative stranger in Charleroi, having in the past four months taken up residence here is desirous of having the Welsh folk or those of Welsh parentage, acquainted with the work of our Welsh women in other places. It is possible there are few people in the Monongahela valley aware of the fact that we have a Home for the Aged Welsh in Cleveland, O. We hear of many other denominational homes, but I find many Welsh who do not know of the wonderful home for aged Welsh. However, I desire to give a brief history of it.

Some eight years ago a band of women of Welsh parentage held a picnic at Euclid Beach, Cleveland During a conversation the question arose: Could we as Welsh people organize a club or society, the purpose of which shall be the founding of a Home for aged Welsh. This was discussed at length, the result being the organization of a society which applied for a charter under the name of the Women's Welsh-American Club. This name was later changed to that of the Women's Welsh Club of America, as we had no desire to be hyphenated, we being true, loyal Americans first, then our beloved Welsh next. This was proven during the world war by the thousands of boys of Welsh parentage who enlisted. We have an honor roll of which we are exceptionally proud. Many of our lads made the supreme sacrifice, while others were decorated for bravery.

The first, or mother club, was formed in Cleveland from which has risen twenty-eight clubs in different cities, all working for this cause Pittsburg was organized two years ago, and has for its members some of the best singers and musicians of the city.

Two years ago the coming November the Home became a reality. The women by diligent, faithful work, headed by one of Cleveland's most noble women, Mary Jane Jones Hassenpflug, purchased from Napoleon Lajoie, the former Cleveland base ball star's beautiful home on Mayfield Road, where there are now sixteen men and women enjoying the comforts of a real home, and with a waiting list of almost one hundred.

In June, 1919, at the annual convention held in Canton, O., a million dollar drive was proposed, to build an addition on the eleven acres surrounding the Home. This is now the big adventure, and we are asking each and every Welsh person in this vicinity to help in the movement. This means those of Welsh ancestry as well, and may I add in passing, the little island of Wales has furnished America with some of the most eminent preachers, lawyers, statesmen, singers, etc., all loyal and true to the land of their adoption. Charles Evans Hughes, James Davis Secretary of Labor and other too numerous to mention are glad of the opportunity to proclaim their pride in the fact that they have noble Welsh blood coursing through their veins.

An incident showing the wonderful religious tendency of these people will illustrate our pride in our heritage, religious congregational singing. Mr. Lajoie, attending the dedicatory exercises at the Home, was deeply affected by the wonderful chorus singing and in a voice trembling with emotion, said: "I would that there was one drop of Welsh blood in me, so I might sing like that 'Billy' Sunday, after hearing a chorus of Welsh coal miners in Scranton sing Diadem, said, "I expect to hear such singing in Heaven." Should we not be proud of this heritage?

The convention will be held in Cleveland. June 28-29, when we hope to have Charleroi and vicinity on the honor roll.

I will be glad to explain the movement at any time and hope in the near future the women of Welsh ancestry will organize a club here for permanent work for the Home for the Aged Welsh.

Mrs. Elizabeth Evans Dickson,
Press Secretary.

THIEF CONFESSES MANY ROBBERIES

Austin Zernis, aged 25, of Blainesburg Hill, West Brownsville, who was arrested late Sunday night last and lodged in the Brownsville lockup after being apprehended while robbing the James S. Craft department store, was given a hearing Tuesday afternoon before Justice C. C. Garletts.

Following his arrest, Zernis made an attempt to lead the officers to believe that he had been passing the store and heard someone inside and that he had entered the store thinking he could catch the robber single handed. This tale Zernis soon found did not go with the police, so after a short conference with the Chief of Police he began to unravel each step he had taken to rob the store and that he had "pulled the job" himself.

Walking back and forth in the cell throughout the day, wringing his hands, and at time growing hysterical, begging the officers to give him something to end his troubles, the officers with caution succeeded in bringing forth details of a number of robberies around Brownsville during the past few weeks.

PAINS IN SIDE AND BACK

Caused by Woman's Ills and Cured by Lydia E. Pinkham's Vegetable Compound

Crafton, Pa.—"I was troubled with inflammation, pains in my side and back. After doctoring with different doctors and not getting relief, I had almost given up hopes when my sister told me of Lydia E. Pinkham's Vegetable Compound, and knowing that she had really been helped by it, I purchased it. I was unable to do my work at that time, but after taking several bottles of the Vegetable Compound I can now do anything about the house or farm that a woman should do. I have a four months old baby that is the healthiest and biggest baby for his age that I have ever seen. I am willing for my letter to be used for a testimonial to tell other sufferers what how much your medicine has done for me, as I give Lydia E. Pinkham's Vegetable Compound all the praise."—Mrs. BLAIR L. FISHER, R. D. 1, Box 37, Grafton, Pa.

Working early and late—lifting, carrying, and the heaviest of household duties—is it any wonder that it results in backaches and kindred ills. But every woman who suffers as Mrs. Fisher did should profit by her experience and give Lydia E. Pinkham's Vegetable Compound a fair trial.

Don't Forget

At Last!

A New Kind of Coffee Blended by an Artist

The rich, gratifying aroma of perfectly blended coffee has no equal; but this perfect fragrance is not obtained in "straight" or "mixed" coffees, it can only be obtained by artistic blending.

At last a new kind of coffee has been created, the coffee that shatters all precedents by applying artistic principles to the blending —FRANCO-AMERICAN—

This coffee can now be had for your own home.

ATTACK LEGALITY OF GRAND JURY

Judge E. H. Repper of the Fayette county courts, Monday afternoon, overruled a motion by counsel for Logue Rush, charged with embracery, to quash the indictment on the grounds that the grand jury which found the indictment was illegal in that it was drawn from a jury wheel which contained only names of male electors and from which all female electors were excluded because they were females and said that exclusion was and is in violation of the rights of the defendant as guaranteed to him by an amendment to the Constitution of the United States.

There were five other reasons given to quash the indictment each having to do with the manner and form in which the indictment was drawn up. Little time was spent in arguing these five points, the greater part of the day being spent in arguing the point of the exclusion of female voters from the jury wheel Counsel for the defense centered his argument upon a decision of the supreme court in the case of Neill versus the state of Delaware wherein the defendant, a negro, claimed that while there were 26,000 negro electors in the district, all had been excluded from the jury wheel. After overruling the motion the hearing continued and testimony was taken.

NO BANK CLEARING TOTALS TO APPEAR

Pools based on clearing house figures were given a knockout blow when the Pittsburg Clearing House Association decided to withhold from the public its daily and weekly report on exchanges and balances. Hereafter only members of the association will be able to obtain the totals for legitimate use only. Publication in the newspapers will be discontinued. Numerous pools flourished not only in Pittsburg but in Ohio and West Virginia, whose prizes were awarded by the figures announced in Pittsburg.

Winners were persons whose tickets corresponded with the last two, three or four numbers in the exchanges and balances, depending upon the number of digits used by the pool in question. Lesser prizes were awarded holders within one or two numbers of the exchanges or balances. New York and St Louis clearing house associations have taken similar action.

BANK COLUMNS ARE NOW BEING ERECTED

Work of erecting the four columns which will grace the front of the First National Bank building on Fifth street, was begun on Tuesday. This work has been delayed on account of the non-arrival of the material, but as it is now practically all here it will not be long before these imposing columns will be in their proper place, and the building begin to assume those proportions proposed by the architect.

ARREST HOTEL KEEPER FOR SELLING LIQUOR

George Meketch, proprietor of the Pierce Hotel, Webster, was arrested by County Detective Paul Feightner, of Greensburg, on a charge of illegal liquor selling. He will be given a hearing before a justice of the peace. Some time ago, when a raid was made on Webster hotels, Meketch was arrested and taken before Justice Rankin, but he managed to escape. He was not apprehended until Tuesday, when Detective Feightner arrested him.

Clerks Notice of Bankruptcy, No. 9463 in Bankruptcy.

In the District Court of the United States for the Western District of Pennsylvania William James Hickey of Washington County, Pennsylvania, a Bankrupt under the Act of Congress of July 1, 1898 having applied for a full discharge from all debts provable against his estate under said act, notice is hereby given to all known creditors and other persons in interest to appear before the said court at Pittsburg, in said District on the 21st day of July, 1921 at 10 o'clock in the forenoon to show cause if any they have why the prayer of the said petitioner should not be granted.

I ought to know—
I grow tobacco

You can't beat a Camel, because you can't beat the tobacco that goes into Camels.

That's why Camels are the choice of men who know and love fine tobacco. They know what makes Camels so smooth, so fragrant and mellow-mild.

They'll tell you that the expert Camel blend of choice Turkish and Domestic tobaccos makes a cigarette smoke you can't equal—no matter what you pay.

But it doesn't take an expert to tell Camel quality. You'll spot it the very first puff. Try Camels yourself.
